Take notice that an application has been made to this Honourable Court for an order authorising Nicholas Celliers, as Trustee of the farm Bawobochlang, Amos Zulu as Trustee of the farm Owen and Hugh Anderson in his capacity of Executor Deive of the Estate of the late Sidibeke Mkwana, as Trustee of the farm Johnston, to transfer the said farms in certain divided shares to a number of Natives...

Health Notes By Hygienist No. 44

I have pointed out that the general balance of activities that make what is called national health, must be supported by every person in the land otherwise the many evils consequent to ignorance and viciousness will be culpable and answerable for the defect that make those evils and cause an incomplete hygiene.

GENERAL NOTES.

The recent Togi strike in D. shows how easily European methods catch on to a new people. The immediate catch-penny policy of the European class on the Togi-land, but there is one thing evident and that is the importance of the work going on without a break. Now it comes to some of us Bantu that if we desired the repeal of the Pass Act, the urgency of it might be pronounced that we can only work honorably as free men.
