### EDITORIAL NOTES.

The Choirs of Edendale, Driefontein  
and Nyanya gave two Concerts  
in the Town Hall of Maritzburg on  
the 23rd and 25th May.

We believe the purpose for which  
these concerts were given, is known to  
many, as it will not be for the first  
time last year, by the same  
Choirs, were given in Maritzburg and  
Durban with some measure of success  
and the proceeds are intended for the  
benefit of the widows and orphans of  
fallen Native Scouts who took part in  
the late War.

When the Chiefs Johannes Kusale  
and Timothy Gile were down here  
about the beginning of last month, it  
seemed as if an opportunity had been  
afforded Government to display its re-  
gard for our two aged Chiefs. The  
old Chief Johannes is, presumably, a  
centenarian and Chief Timothy is cer-  
tainly an octogenarian. It can safely  
be stated that no native has done more  
for the Government than these two  
aged Chiefs, and considering the span  
of life they can boast of, it speaks well  
for their continual loyalty and attach-  
ment to the British Crown.—When

Government shows respect and esteem  
however little, to influential natives  
there can be no gainsaying the fact  
that these are appreciated by their  
kinmen.

Governor McCullum did what has  
never been done by any of his pre-  
decessors in allowing the two aged chiefs  
referred to above and the younger chief  
of Edendale to be presented before  
him at Government House and to have  
a photo of them with their followers  
taken. His Excellency’s Private Secre-  
tary and another Officer are in the  
group. These things go a long way

in inspiring confidence to the Native.  
It may be mentioned that it was  
through the agency of the Native  
Affairs Office that all this was effected  
with the help of Mr. E. C. Samuels,

The Hon. E. C. Moor, S.N.A. may  
have his faults in the past in the  
administration of the affairs of his  
department and may have shown  
aaptitude and utter callousness in his  
dealings with our people, but his par-  
liamentary speech on Native labour

was both timely and sympathetic. To  
any unbiased observer, the indepen-  
dence of the Native has been sadly ex-  
aggerated.

Who can deny the fact that a  
Native is to be found almost in all  
branches of industry working for a  
white man, his master? Go to the  
farm, to the mines, to the railway  
works, to the wharf, to the stable,  
to the garden, to the kitchens and you  
will find a Native there. Even in  
higher and professional industries he is  
not wanting. Go to any factory in the  
Colony, to any sawmill, to any carpen-  
ter’s shop or smithy and he is not there!

It is idle talk to preach the gospel of  
Native indecence. We are fully aware  
that one people do not do what they  
should do. We, however, think that cre-  
ation should be exercised in passing the  
already too unbearable sweeping skove.  
Zikhobeni kumbulane am-

There is, perhaps, no young Col-  
onist that has, in a short time, done  
so much for the Native of these race  
and whose sympathies are with the  
Natives generally as this gentleman.  
Mr. Samuels as head of a section of  
Native Scouts and Border Rangers in  
the late war did his work remarkably  
well. This was, presumably, the first  
time, in ripe years, at which he was  
brought into close contact with the  
Native. He has, however, since taken  
great interest in making natives equal  
to higher classes of life and useful ci-  
ties. It was through his able  
management that the Native Scouts  
did their part so well on the occasion

of the visit to the Colony of the Duke  
and Duchess of York. He is the pro-  
moter of these Native Scout Convents  
which are destined to develop into a  
useful organisation which will be a  
means for more undertakings tending  
to improve the life and status of the  
Native. It is not such a man worthy of  
our support!

A little while ago an Italian (Joseph  
Vernini) who was employed at the  
Corporation Waterworks near Edendale  
was brutally stabbed and has since  
died. It is alleged that some natives  
employed at the works are the perpe-  
trators of the horrible crime. We wish  
it to be distinctly understood that these  
natives do not belong to Edendale, but  
to a lot that was sent thither by the  
Corporation from other parts of the  
country, or shall we say, South Africa?
