To the Prince at St. Helena. Ndabezitha!
From Mutokwane.

Mujwapuna reports that Muhlobo and Mubuzeni have been converted into Christianity. Here is Mubuzeni's own writing, this handwriting.:

This is Mubuzeni Sibiya. I thank the letter. I give my love to you and ask to be baptized.

The above words are written by Mubuzeni personally, Mubuzeni's own handwriting. He is asking from the Prince to be baptized if they allow him. Muhlobo also wants to be baptized. But these boys do not go to school because the government does not know them. We thank the letter from the Prince very much which says that we must let the herbalist go to his place to cure those who are sick. We have sent him, his name is Jonas of Mujantshi, and is a Suthu. Mjwapuna received the letter about money that was safely received, and thanks for that too. They, Mujwapuna and Mutokwane thank you and they say the Zulus give their best regards to you. In the name of Mutokwane and Mujwapuna.
