

Reports

Received on July 30, 1892 at St. Helena

1. I am reporting Masekwana of Sobandile that he died, but he was not sick.
2. I am reporting Sonyangana of Jojo that is very sick ; he has severe headache and sweats. He got ill on the same day on which Madhlikivane's daughter Ngaloinye's sickness started. She has been taken from Minya to Madhlikivane's place but still complaining about the headache.
3. I am reporting Mubotshwa of Macaleni whose illness started while they were dancing during Manzana kaSengana's engagement ceremony. He accidentally crushed the bottle which had a terrible smell and thenafter became ill. OkaMsweli then took him to her place.
4. I am reporting Ntanjana kaMubelebele that is sick. He became ill immediately after his father's death. He complains about backache and a numb leg. Everybody from his family is sick.
5. Madhlikivane is also reporting the cow Gwababa that is dead. It became sick when it was in the bushveld. We fetched it and thenafter died at Minya.
6. I am reporting your red cow with white sports milked by Nomandla that died at Minya.
7. I am reporting your cow milked by OkanoTole Nxumalo that also died at Minya.
8. I am reporting amongst the cattle of Matabelangozi which were at Bahwana OkaLuhungu's place that a black cow with white sports died and Madhlikivane took it for his children's feast at Minya.

Magema Magwaza.
