

Dear Dr. Haddon

The Copies of  
the two Queen items  
I promised you ac-  
company this.

I was greatly  
pleased with Van Lusehain's  
paper - able and inter-  
esting - and would wel-  
come the perusal  
of it - though it was  
greatly marred by  
his execrable English

Had I more clearly  
understood some of  
his remarks I  
certainly would  
have said a few  
words but I rather  
had the feeling  
he found me unamused  
so I remained silent.

With kind regards

Yours sincerely  
William Brewster
