Dear Haddon

I want at the next Council meeting of the Institute (next Tuesday) to propose that a memorandum be sent by the Institute to the Rhodesian Authorities, urging the latter to do all in their power to further the Scientific exploration of the Mashonaland ruins by the employment of properly qualified people to supervise the work + the provision of funds. Also to prevent damage by unauthorized fossickers + to appoint an inspector of Ancient Monuments.

I wish to raise the matter in
a general way for Council to
consider the form which the
memorandum should take.
Can you turn up at the meeting.
I hope that Mac I've will be
there. Will you let me know
what you think as to the
best method of gaining this
object?

Yours
Henry Dalfour.
