recome to believe that the Miner Subjects recome to believe that the Miner Subject recome to believe that the Miner Subject so the subject of the many subject to the subject of pupular feeling is shown. If Kafrishlers are not wanted in Natal, the people must cause themselves, and let their roces be heart. Popular, demonstration will echange the intention of Ocermenton we change the intention of Ocermenton we change the intention of the demonstration. Has been offered as an excess from inflaential quarters that the military part of the Minnte will not be seed upon. But it is all military. Take away the soldier part of it, and you have the play of Handles without any mention of the process of the subject of the subject without any mention of the process of the subject without any mention of the process of the subject without any mention of the process of the subject without any mention of the process of the subject without any mention of the process of the subject without any mention of the process of the subject without the subject without the process of the subject without the subject with

passed. We never insignated that any membranes the supply from there will be precisions as it is always liable to be closed from very trivial causes by the Indian Government, which is in reality opposed to any reduction of the supply of labour in India. It appears to a street the proper course in the p

found, because the last re of the Durban opponents thereby removed.
