

JL - G - 30

SNUFF-BOX: Horn, fluted of two piece joined at the centre to make a double ended horn. Four loops of twisted brass and iron wire on the inside curve hold a triple carrying sling of twisted copper and iron wire twisted again in the manner of an expanding curtain wire, and also a continuous loop of iron link chain which secures the two horn stoppers.

L: (inc. stoppers) 31.7 cms

Di: (incl. loop) 4.9 cms

(ZULU) N. Ngwini?

p.t.o.

cf. Ann.S.A. Mus. vol 70 pt. 2 figs 23, 24

The quality of the twisted wire work is particularly good.
