39 Says he visited Aden
40 + Singapore

Most of his acct. taken up with descriptions of a ship, with the murder, + with Arabs in Glasgow.

MAGODINI,

GEORGE

A. 59/36/1-40

Nothing of historical value in this. ? ?

Life-story of a labourer — shld be of value.

~~Ukuhlaselwa kwa ka Tshaka kwa Ngongoma — 31 — 26~~ 30

uTshaka u hlasela kwa Ngongoma — ~~26~~

~~Ku hlaselw' abe kwa Ngongoma~~

Umuzi wa se London a u lungenga ngob' umsebenzi a u wuko. Baning' abantu a be hlezi kona, se beze ba [illegible] ne minyaka ne mbili ne ntatu umsebenzi be nga wu toli — ~~wa~~ no njani umsebenzi. A wuk' umsebenzi wo munt' omnyama' edolobeni. Umunt' omnyama u sebenz' isitimel' olwandle kupela. Kangazi ukuba kwenziwa ini umsebenz' u ngabikho pakati kwo muzi. Abelungu ba hlupeka kakulu lapa, a ba na ndawo yo ku hlala. Ba ya zula nje, a ba wu tol' umsebenzi.

Umuzi wa se London mkulu. Mubi nje ngob' umsebenzi a u wuko.

Ngelinye ilanga ngi bon' i aero plane (Flying machine) i ndiza pezulu, i hamb' i yenz' umus' umusi, i hamb' i dilaya. Umusi lo umhlope; wenziwa nje, ku ya lotshwa, ku lotshwa ngo musi, ku lotshelw' emoyeni. Ku lotshw' ukuti Daily Mail.

Ku ngaba, ngob' umsebenzi wa zekwandle
bona a ku msebenzi omningi kakulu. Ngani?
Ngoba u ne mali wona. Abelungu, uKapteni
a ka fun' umuntu ogalayo ukungen' emkunjini.
Ngani? Ngoba u zo dakwa ulwandhle, (ie.
ukuhlanza ngamandla kakulu) a nga sebenzi.
Ku bonakala ke ukuti ka ku lunganga loko.
U fun' umuntu 'o na mapeps' olwandhle, ok'
a hambe ngapambili. Ku ngaba la Englande,
ngoba a ku fani na seNatala, ngani? Ngob'
eNatala umsebenzi we mkumbi u ya wu
tola, la Englande u tebel' uKulumeni wona
ng'u tol' umsebenzi wo mkumbi, ngob' umkumbi
eka Kulumeni. Naye u fun' a ba tole kaneane.
Englande umsebenz' u kona wona ku munt'
omnyama, umsebenzi wo mkumbi; kodwa
la Englande a wuk' umsebenzi edolobeni
wo munt' omnyama. A ku munt' omnyama
yedwa, ngoba na belungu ba ningi kakulu,
a ba wu tol' umsebenzi.

Umsebenzi ~~wo~~ we mkumbi ~~ul~~ u latwa

umakulu, ngoba wona a tol' imal' encane. Wona
maningi kakulu, ~~ngo~~ a ngapezu kwa bantu.
Abelungu ba funa wona, ngob' imal' e tolwa
ibona incane. Ba ya bona ukuti nxa ba tat'
abantu na belungu, ba ya tshona, ngoba ba fun'
imal' eningi.

Umsebenzi wa semanzini, u ba kona, u ba kona,
ubuy' u pele. Ba ya wu tand' abantu ngob' a ne
mali; kodwa ke a u bizi loto, ngob' ubuy'
u pele. Umuhlengi wona, na ze ku setshenzwa,
u hlupeka ngob' ubuy' u pele.

Se ku vel' into e ngaba e y'enzew' abantu
lapa Englande, abelungu into aba nga y'enzayo.
Ngoba it' umkumbi la i fika ba hambe ba y'
e-Agent, ba ye ba yo teng' umsebenzi kuyena.
Ba fike ku Kapt, emkunjini, bati si fun'
ukuteng' umsebenzi. A be set' uKapt, ni nay'
imali na? Be se beti Si nay' imali. Se be
hamba ke, be ya no Kapt endhlini, uKapt-
-ke se be u nik' imali. A be se biz' uChief
Eng(ineer) o ewa panzi, o sus' umachine, wo mkumbi

a se m tshela, ke ukuti ~~[illegible]~~ abefundisi a ba ku-azi 'ukusebenza, ~~ba~~ y'ahlulelwa imisebenzi. Iyo lezo-nto a ba tol' umsebenzi ngazo abantu.

Umkumbi u hamba nje emanzini o wu nayo indhlela o hamba ngayo. Kunje kuti 'sebusuku, la ku mnyama, ku kwel' umuntu pezulu otini, o lu ne bokisi, a ngen' ebokisini. U ngen' ebokisini nje ke, wenzel' ukub' a ngawi. U zot' ehlezi ebokisini u yo b' ebeke pambili ebek' imikumb' eminye ezayo, ngob' i ya pambili, a yi beke ukub' i nga tshayeki ku lona. U zoti la e yi bona, a bese tshay' isilubo, bese ku-z' uKaptein. A bese kuluma nga imalambu ekulama ngo ~~kaut~~ ~~loyo~~ kapt wa loya imkumb' ozayo, enzele umi'a tol' indhlela o ku puma ngayo. Ngoba nxa e nge nayo indhlela, zi nga fike zi tshayane, ku limale yonk' imito.

U isigaba fut' umkumbi, ngoba uti ~~[illegible]~~
