

1944 90 1-154 The Balmer Collection -

This collection was found to be in a slightly confused condition when it was sorted out in the catalogue by Tom and boxed by <sup>(Kay Holman)</sup> ~~Tom~~. The objects found marked "B.C. 1912" did not always tally with the description in here (overleaf).

- ① Some objects did not appear on the list at all, and yet were marked B.C. These have been Z'd and as far as possible are listed here: - Z 1749 (5 arrows) Z 1752-57 (6 bows)  
Z 1821 AB (2 baskets) - Z 23596 (1 bag - this may not be B.C.).

- ② It was found that often there were many more of a certain kind of object than was mentioned on the list. Where this has happened I have altered the original description here and on the cards in order to try to fit these in, rather than picking certain objects at random to be Z'd, since apparently objects given by E. filtered in at various times - esp. after his death and were never recorded. (for greater detail see card catalogue)  
14 AB (2 wristlets) 15 (7 bracelets) 16 (4 necklaces)  
123 AB (2 baskets) 124 AB (2 baskets) - 125 ABC (3 trays).
