Director of Publications.  
Lovedale, C.P.

Dear Sir,

I don't think there is much that is going on in the publications this time; but one would like to know whether we can expect "Don Jahn" soon.

I withdrew Dr. Tubusana for a time to pick out those parts that are bad first.

I suppose you have not started anything about "Ulwahuko." Please give me quotations for it, for 1000 + 2000 copies in paper cover.

I wd. like to place my order for "Lovedale 1841-1941".

Yours faithfully,

S. E. Kume. Mqhayi
