Dear Sir,

In response to yours of the 4th inst. re "Don Jacu", - yes, I have no objection to its being written in the new orthography.

I am also forwarding you under another cover, the 3rd part of it, which includes 6 chapters; I don't know how much of it will be useful to you; but I believe that this part will renew the interest of the book.

Yours faithfully,

S. E. W. Mghayji
