Dear Mr Bennie,

I am glad to see a letter in your handwriting again. With reference to Mqayi's LIFE OF ELIJAH MAKIWANE, I shall be glad if you can send on the MS. so that I may submit it to our Press Committee. I presume it is in Xosa. I cannot foretell how the Committee will regard the matter. The books that don't seem to sell are vernacular lives of Native ministers. However, when the MS. comes I shall test the feeling of the Committee. I think all are in the same position as myself - we have heard of this project ^{but} have not seen it.

With kind regards,

Yours sincerely,
