BERLIN, C. P.

Dear Mr. Mqhayi,

I thank you for your note of 15th which came while I was from home. Mr. Bennie has not been too well lately but I think he is now a good deal better. He was doing too much in preparation for entering his new house of which, however, he has now got possession.

I do not know anything of the whereabouts of Miss Roberts. She hopes to be able to resume teaching here in April.

Mr. Ross is wonderfully well just now. A week or two ago I spent a day at Keiskame Hoek and was glad to find him so fit and interested in everything.

With best wishes,

Yours sincerely,
