My dear Shepherd,

By book post I return the "revise" proofs of UHambo.  
I is going to make a very attractive book, I think.

I am not making any charge for going over this book and ITyaa  
ITyala; but, if you think my work worth it, I should be glad of  
half-a-dozen copies of each, when they are ready, for myself, Fort  
Hare and some others who will be interested.

By the way, has the pamphlet on orthography been printed?  
I have not received any copies; but perhaps the Press is pushed  
(I did not say, "pressed") with work.

I hope that you are not overdoing things. Festina lente!

Yours sincerely,

*W. G. Bennie*
