Dear Mr. Mqayi,

I hope that my letter containing a cheque duly reached you.

I write now to ask you to allow me to use for Std. III. or IV. your pieces on Imvubu (Imvo) and Imoto (Umteteli). They are both a little long, but I propose in shortening them to retain the essential parts. I much like your "complaint of the motor-car", particularly the piece dealing with the dogs.

With all good wishes,

Yours very truly,
