used when a person is sad, or when
soft, conveying sympathy, surprise, admiration
etc.; but when uttered hard as hmm
conveys the sense of dislike,
disapproval, indignation, etc.

30 Muhukela : salute a person from a distance, as does
a man when he is coming in a
house or when joining a subject on the
road; also it is used to refer to by voice
above one's shoulder, as if to say;
usually a respectful request or beg a
thing of a person, to get out of one's
way, etc. see go away

25 Kuslatha

can mean to be a person who is
ill, can also mean to apply some
medicine, like a way
of prevention, which is a way
of curing.

1. The first part of the paper is devoted to a study of the properties of the function $f(x)$ which is defined by the equation $f(x) = \int_0^x f(t) dt$. It is shown that $f(x)$ is a constant function and that its value is $1/e$.

2. In the second part of the paper the author considers the problem of finding the maximum value of the function $f(x)$ for a given value of x . It is shown that the maximum value of $f(x)$ is $1/e$ and that it is attained at $x = 1$.
