

Dimpaan's track. Dimpaan's track
Wrote school June '78. have but are find for best tracks

- Trench 1 78/142 Nothing found
- Trench 2 78/143 1 piece reddish ~~quartzite~~ ^{quartzite}, 1 piece bone (discarded)
3 track beads
- Trench 2 east 78/144 2 like piece quartzite discarded
- Trench 2 west 78/145 1 small native shell & 1 shell bone. Discarded
- Trench 3 78/146a 0-10 cm. scraps of charcoal (discarded)
39 small native shells without shape, 7-12 mm thick
and ~~to~~ < 3 cm across
1 plain native shell 6 cm across
1 small shell with 2 curved but horizontal
lines & above them a line of diagonal nicking
60 scraps of burnt bone, some charred, & 1 tooth
of fair small bird
1 light pink track bead
1 small stone flake, with signs of striking on both faces,
probably quartzite & perhaps much older than the
track, no significant shape
1 scrap of fused slag or similar

- Trench 3 78/146b 10-20 cm.
A considerable number of medium & small pieces of bone,
& good many probably recognizable, but in general
fairly rotten. 240 pieces counted. A few charred.
Some seen to belong to very small animals
11 pieces of tooth, some & probably all bird
19 small diagnostic native shells
1 native shell with curved line
2 small track beads
2 bean-like seeds probably very modern

- Trench 3 78/146c 20-30 cm
1 fair sized native shell
1 scrap bone
1 like quartzite pebble perhaps flattened for grinding

Duggan's beach, Dungeness

(2)

Waste school June 1978, lower wet area, (ends for best-trenches)
