It is very interesting to discover that one of the best known figures in history is one of the least known: that he is a man about whom we in fact know very little, and who himself didn't really know where he was or what he had discovered - and yet he ^{the fact} was so!!

Isabel Allende: Every day I wake up - and I have
to make days positive.

A message to Chileans in Norway.

It is hard to live in two places.

She has grandchildren who don't want to go back.

But it can lead to a richness.

You never go back - you are changed.

8 say Hello: worked with ISF - sad about their leaving -
good contacts: Do you mind if we? What do you want?
9 "Lenter du pøns" "Selfishly" a report
not wrong to get so handled. The day is Thursday
10 and that's better.

11 Hon. Otto. Don't regret - you'll go mad.
It's not regret - it's not being a centre.

8 A much day: Wander & wait in town: arrive promptly - please.
 I wander. Run to Fleeth - over the bridge - down to fjord edge: [the this is here]
 we gather the wood: light the fire: a bossiness; a great laugh: drink beer: work:
 9 ship stories: can't take 8 hrs: let's stay: and we do: the light on the
 water: a slow & heavy: in the dark were a statement: a drift in life &
 10 in personal relationships: thus have comparisons: and this wait happens:
 I will carry it with me: and it must remember this: lost the key: back to
 11 music: sit apart: slowly work on it: slowly back: back on back edge: slowly
 pull off: reject the wall: leg dream up - the dark find between them: but don't
 12 scarf on: words: stop of lips: a flying: lots: but - uncomfortable: slow: then
 as we drift off: sit up & sweep: betrayed: never was before: doesn't want to
 13 feel wrong: I feel none of this: for performers; all of it can't we sleep like this:
 again: the this I feel the loss of message: it's new for new problems to come
 14 to know with: but surely I enjoyed being it: much happy only
 then sleep: must go: after in dark light: in front from back to front
 15 the small love ends the circle then close: many of that press -
 now you have reached it: don't look back: new & honest - don't
 16 back: meet for coffee: new flowers: warm & sweet farewell:
 the difference between AM & PM. Gone: I write this up:
 17 now 2 weeks to change - please please try it

Tuesday 18th Spivak PMB Oppgaver Activity

Allegory to UCT to mark Academic Freedom

8 (1) Indian ⁽ⁱⁱ⁾ & ⁽ⁱⁱ⁾ is myist "Brotherhood" (v) Reader

We have to go behind Academic Freedom

9 De-colonization did not

10 Subaltern (Gronski) the people who to lines of nobility
in foreign & indigenous elite - Cultural
- the bafflement of the Subaltern when
11 confronted with the enlightenment

12 (1) A post-colonial (i.e. ironic incurrent critique) Indian

Why do we have to go behind Academic Freedom

13 Cost of the subject (I) drops out

constituted by the Academic ^{Kontakt} - the tradition of

the public use of rationality - it baffles

14 the revolutionary outsider - the future belongs

- the suppression of his bafflement

15 But it is uncertain - Why is the enlightenment

good - freedom → enlightenment: we close

16 the doors of culture when we open the doors of

learning - Subaltern bafflement -

17 I am a reminder of failed revolutions

If there was no oppression - freedom would

18 be the goal - ^{Privat} responsibility & chance whether

survival - for rights based feminism / e. m. v. /

"individual rights" freedom for whom

5 the collectively

(more who cannot)

Academic freedom in p.c. context to
address mixture into responsibility
not to choose responsibility

intellectual and moral studies remain place

8 remote control suffering
Not an oppressive traditionalist / not.

9 sensitivism - trying
absolute

10 rampant enlightenment

Academic freedom constructs no subject

11 Who man claims - freedom? in the freedom

12 (i) The pre-colonialist culture - destroying & debated
& reacted in its reconstruction

(ii) The Enlightenment - perhaps it is to keep
this alive is the only answer -
republicanly accessible

doors of culture } not the
doors of learning } same day

make it accessible

most of the work of the academic

pass through the arena of the enlightenment

ii How? as a ♀ A.F. must spread its

concern. The University is too closed: technical

The area must expand into rural literacy -

The bottom layer is not easily reached by projects

- The rural girl-child -

Gives example from Bangladesh

iii US migrant - guaranteed by international rights:

no formal freedom can be exercised
outside constant protest

But what my don't me

Oppgaver
Activity

is that freedom can only be binding - i.e. in
its progression.

In a post-colonial situation
to use the enlightenment from below
We (Academics) have the time

Don't abuse the enlightenment - only those
who use it from above.

More attempted the abuse of the Enlightenment
- on the side of the proletarian

Kontakt

What assumption is there that there are
no studies to apply revolution -

The academic must remain free to keep
the question: justice is impossible
The academic must keep it open
Content alone establishes justice
it is the defining dilemma

(iv) 3rd Wint - academic freedom be redefined
as a new social movement - proletarian

liberal doing
non-ancientist inherently
academic freedom should be a
new social movement

Mange låntagere har opplevd at de har betalt høyere rente for et lån, enn det en trodde, eller sagt på en annen måte, den effektive renten er høyere enn den pålydende (nominelle). I begrepet effektiv rente skal alle kostnader i forbindelse med lånet tas med. I praksis vil dette si etableringsgebyrer og gebyrer ved avdrags-/termininnbetalinger. Effektiv rente baseres på en beregningsmetode som innebærer at renten tillegges lånesaldo etterskuddsvis en gang pr. år. Dette er en meget vanlig beregningsmetode også for bankinnskudd.

Forskjellen mellom pålydende og effektiv rente avhenger av om renten betales forskudds- eller etterskuddsvis og hvor ofte renten kapitaliseres eller tillegges lånesaldoen.

Nedenfor er vist en tabell som viser effektiv rente ved henholdsvis forskuddsvis og etterskuddsvis rentebetaling.

I tillegg til de effektive rentesatser ovenfor vil komme eventuelle etableringsgebyrer og termininnbetalingsgebyrer. Den enkelte bank og finansinstitusjon er pålagt å oppgi effektiv rente ved låneopptak og renteendringer.
