Research. This discussion is almost Henson

1000

for Social Policy. Consultancy is the predominant

1030

form of research. Academics should be

1100

engaged. Preparation is always by

1130

consultancy. Narrowly defined objectives

1200

missed reflective content.

1230

Must rethink the role of research

1300

conceptions of development - a broader

1330

compass - roles epistemologies -

1400

research for whom? 82

Scholarship

1700

1730

≠ M.M. feels like a blind man - limited to

1800

social policy research - (2) consultancy [not research]

1830

(3) awareness is identification (4) despair who is

1900

responsible: What is the problem? Example of

Maharaja - no alternative to the state as provider,
Sark w/o the state - but how do we keep country -
We must set the agenda. We are not just hanging

23 Wednesday 113•252 week 17

0700 Came into this by accident: from a fellow.
0730 up to a photograph came across the Nkhanini
0800 ritual - wrote it up - insufficient ref. to
0830 F.I.B. - Ritual which included
0900 ukucela (sprinkling) of intekzi by an inyanga
0930 (charged with being a wor doctor). But also
1000 celebration of Qwabe amadloli - ultimately
1030 in the singing of chubo and the making
1100 of the luthather
1130 1) Surely a remarkable account - worthy
1200 of an article
1230 2) tempts to write up 1906 - as with
1300 geographical theme - or searching out the
1330 African voice - for it is clear
1400 that it [in 1906] can be seen as a religious
1430 event - we have ~~the~~ the Nkhanini ritual
1500 - but also - whenever African residues were
1530 gestured they had to be cleared and
1600 streyked by wor doctors. And
1630 also there is the vexed question of
1700 the use of body parts to strengthen
1730 the umkhini: This latter question is
1800 not important

1100 Strong southerly wind all day - cold - for Duxton -
 1130 R. then even more at 1000 and a some passed
 1200 from the south - quite fast now - cloudy
 1230 squally, but broken with blue sky - rain
 1300 to the south and east lying in the water
 1330 and away in cask - and now the
 1400 gate - the pond across, where around the
 1430 pond tree. The penguins fly fast fully into
 1500 it, but the crows ride it.

Photo: Cikajond was one of the last
reels to be captured -- I dressed as old
woman Sgt Calvery -- made him
ask for meat up by paying a letter
from ITEL please with Cikajond
to head himself over to the center.

Bombkata Zuri.

Troop pay was the second week of BZ.

On the question of who was guilty? No-one: the wood
 again the deep dissatisfaction / the anger after Payson /
 it was - the surgeon impi - individual acts of
 violence / tradition - the hunt / pressure from the crowd
 - ~~merci~~ - belief in the efficacy - at least at the heart

The Case - individualizing this is
 useless - just as Dove Wilson - everyone is guilty
 - but no-one - unsubstantiated -

useless the penitence was done -
 thus the definite need for mention -
 - Harry said this as Harry it is
 as drama - happy
