8 drunka's article: living law -
 another reading on the authority law as
 9 living law - at first I thought this
 would perhaps be seen as law developed
 10 in a reflexive proximity to living people -
 but now I thought of another way of
 11 looking at it - if, as I argue,
 there is a link between authority & people -
 12 authority and people must be seen
 as an entity - more perhaps this
 13 democratic spirit in a different
 situation - has been given a
 14 life in a new democratic system -
 15 argued in fact into a living law

- 1) This is a book about contemporary SA - particularly abt. the return of the chiefs.
- 2) It is an exposé of custom & tradition.
- 3) It must be exciting & terrifying: a good read: Activism by means of fiction.

10 Remember to situate Tut in CLRA -
11 it is an attempt to put unity in hat debate.
Begin by my objectives

12 It's really a question of re-informing →
13 Reading Hank Smith on Clave - CLARA
is the privatisation of communal land:
14 it is handing power to trad. leaders
undemocratic. At the same time really
15 complexity of people's lives - because
it is a historical argument.

There has been a break -

16 - the linkages are not controlled by customary law
BUT - can be to live - should not reveal

17 * Bennett 'presence of the past' - the past
is contradictory

18 148 - indigenous law - customary law - ?
integral to our law & Gov. on.
19 I want to see customary law as really
- firmly in pre-colonial,

Bakins, Molly

I need to argue ~~that~~ from pre-conquest law & native law - not customary i.e. colonial law that

- 1) Chiefs have to be selected and confirmed in office by their people &
- 2) that their people have a right to the land (rights but granted by chiefs)
- 3) and their products.

This is the essence of pre-conquest law — in a democratic context

There are connections with post but the essence is a re-assertion of the pre. There aren't laws & but the context in which law operates.

And from this, it is clear that this is only a part of a wider system

Finish a quick JWC-overview - fits I think.
But now the Grand Dance has to be looked at.
Who was there? Because behind it all

Grey - is determined to stop TS. Was it
because of the dance? Must confront Grey?

(*) The Witness accounts: but Grey was
certainly determined to stop TS/Scott & all
that works. So leave the details out
at the moment. Ngoza made his
impression & behind he seems -
moving in different direction JWC TS Grey
in PMB / Save in London - Grey
pushing on - New the kingdom is
withdrawn, but no consequences continue.
(*) And JWC's letters to Aunt - KC?

Adams Smith - in
a Montgomerylover

RU

Daniel Dale Bucknham

seems to be early - go back & check
NW ~ 6 June 1849 ~ labour power, sinews,
and taxation - a straightforward
programme of peaceful just capitalist
development.

13 July 1849 - cont. taxation: he DBB
still sees payong as native slavery -
perhaps he always will. taxation =
progress & ∴ justifiable.

[But what is Smith on about this - &
NA just - the virtue of work.]

This economic side - the side of progress
rather than the defence v. Pine -

honouring a commitment and security
begins with Reserve. So

1] 1846 - 1849: history of reserve - but tax

2] Frying with Pine -

3] Frying with Log Co - adaptation

i) and present, the Reserve Fund
Institution Ltd.

ii) Title - finance, exemption

4] in Crash - land, - sends advice.

5] Log Co

- 1) 1846 - safety, civilization but no money
- 2) 1849 - tax, but obstructed by Pnd
- 3) 1855, - the Black Kingdom
- 4) from 1856-7 Grey - progress now
- 5) 1857-8 LegCo - £5000, Sidogi.
- 6) 1860 £5000, tribal title
- 7) 1861, Self-interest

→ Grey's 1857 ~~allied~~ 1855 allied, published 1857 (announced 1858) ∴ coincides with the first LegCo. - ∴ Reserve Fund debate (the argument for Progress vs the New Security must be dated to 1857. It's a response to LegCo - Grey)

The Sidogi - debate is important - marks the beginning of the conflict

Buchanan - the vision of peaceful,

smoke curling from the chimneys -
even this for the an African

the obstacle stands in the

Reading NW 1868⁹ - Basako - trades runner -
the TS debate is not in the newspaper -
But - after yrs of apathy the legs +
seeds of opinion begin to get moving -
the scores - lack of Govt action &

Explicit racial ideology - what is racial ideology? crude & physical, the categorization through pigmentation, clothing, physical characteristics and the machines in which they are concealed or revealed. To this can be added civilized or savage - culture, ignorant or knowledgeable, * or capacity to escape these barriers - but you only escape it if you reduce race to biology - if you don't reveal other categories from it, i.e. if you stick with simple race categories, and don't blur the racial with cultural,

25 July 1862: leglo awarded for being

- this is a theme - slowly gets clear?

9

2 Nov 1866 DDB Why were never not
straightened?

10

Look at these late 1866 speeches. TS. uses
them to advance the topic of payment
for chief - reluctant to incur tax
This while debate hut tax - he
realises could be dangerous - & he tries
to find a way between ~~appears~~
and natives and settlers

13

or

14

This is a matter of adjusting the
law - customary (which is the way
first used) native law is becoming
obsolete - & the colonial situation
is allowing older generations rather

15

16

17

18

19

20

than just the political merely
to accumulate capital
varying

Why the marriage law is so difficult
It can't be done by the Supreme
Court? The last tax ~~was~~ and is -
no - there was a law in 53

Any way the exec fees "house" will throw it out
- so it is enabling law.

The problem is ~ how to let "house" accept it /
w/o gag. and legCo not know the details.
you can't decide on this. The Macaulay
guide is important.

old bureaucracy, they don't represent

RER etc work against

RER plays on insecurities at all levels -

Could they be working together? no -
but perhaps here we have the first indication
of the roots of segregation - once the African

But how? TS system would fit a
small, self-sufficient colony.

doesn't - but surely the 1873 NW
