The Locations & discovered one of those obvious misconceptions. Now clear -

The 24/4/46 letter & the Locations have little to do with chiefly

rule (the deal with Locations)

11

Chiefly rule & autonomy have been provided into existence by Stephen and Gray - & modified by Stephen using the Supreme Chief.

5. The New Native in late 1874, in London
the critique is that a temp. necessity -
have not interfered (Stephen)
has become a substantial policy.

This is a wrong tack & must be changed
(it is of course illegal just for L.).

Shephard agrees - now but back in Natal
argues that it was not a temp. necessity
but the result of the very parsimonious
Vict govt.

This is rejected by Legbo -
But later my account

1. Maine Thucydides

The movement of the collective opinion of a whole society is too palpable to be ignored, and is generally too visible for the leader to be deceived; but there is the greatest disinclination to accept it as a primary phenomenon, and it is commonly explained as the recovery of a lost perfection - the gradual return to a state from which the race has lapsed. This tendency to look forward backward instead of forward for the goal of moral progress produced anciently, as we have seen, on Roman jurisprudence effects the most serious and permanent.

21/2 IV. The modern history of the law of nature

"The tendency to look not to the past but to the future for types of perfection was brought into the world by Christianity"

28/2 R. Law "strongly in territorial King of the Franks or of France"

* CN KR TW Cooper ~ v. important

Cooper / the paper: Paper is an exploration
of my approach rather than the details of
it: The introduction (verbal) must
stress the essential narrative / precision
of the book, and the essential idea
— that marriage is what has to be
destroyed

The inadequacy of the terms -
at one level - implied rule, segregation
but at another marriage ~~and~~ ^{and} gender sex wealth
traditional authority - in the constitution

Boundaries ~ to contain: less clearly
— biography - an awareness - to register it in
