TIPS ON HANDLING AND STORAGE

1. Before use always spool cassette through in fast forward mode for even tape tension and alignment to the running characteristics of your machine.
2. Always keep your cassettes dust free, when not in use keep your cassette in its protective box. Avoid handling of tape with fingers.
3. Keep recorder head clean by regular use of EMI cassette tape head cleaner.
4. Avoid exposure of cassettes to excessive heat, direct sunlight and strong magnetic fields.
5. To keep valuable recordings remove erasure tabs on back edge of cassette.
